Gerald L. Gordon, Ph.D., president and CEO of the [Fairfax County Economic Development Authority](#) (FCEDA). "MicroStrategy is a prime example of the kind of company that can take advantage of the diversified technology ecosystem we have developed in Fairfax County and the tech-savvy workforce here."

"We are excited to announce that MicroStrategy has renewed its headquarters' lease in Tysons Corner, Virginia," said Michael J. Saylor, CEO, MicroStrategy Incorporated. "We are committed to providing our talented employees with a modern work environment to drive greater collaboration and innovation. To facilitate employee interaction, we are redesigning numerous workspaces, adding café and dining spaces, and upgrading our gym. We will also be adding a large conference center that will be a draw for our employees, customers and partners. We are thrilled about growing our incredible workforce and hiring STEM talent from the region and local universities. Virginia is a top place to do business and we look forward to growing and thriving in Fairfax County for years to come."

MicroStrategy is strategically located in Northern Virginia, the cornerstone of technology innovation on the East Coast. With its close proximity to the nation's capital and international business community, MicroStrategy is well positioned to grow existing relationships and forge new business ties across the Virginia, Maryland and Washington, D.C. area. In addition to MicroStrategy's state-of-the-art facilities, frequent social events and many corporate activities, MicroStrategy employees have access to an extensive public transit system, and can take advantage of world-class restaurants, shopping, entertainment venues, museums and cultural sites, making it a great place to work, live and play.
