This press release may include statements that may constitute "forward- looking statements," including its estimates of future business prospects or financial results and statements containing the words "believe," "estimate," "project," "expect" or similar expressions. Forward-looking statements inherently involve risks that could cause MicroStrategy's actual results to differ materially from the forward-looking statements. Factors that could contribute to such differences include: the ability of MicroStrategy to implement and achieve widespread customer acceptance of its software on a timely basis; delays in MicroStrategy's ability to develop or ship new products; market acceptance of new products; competitive factors; currency fluctuations; and other risks detailed in MicroStrategy's periodic reports filed with the Securities and Exchange Commission. By making these forward- looking statements, the Company undertakes no obligation to update these statements for revisions or changes after the date of this release.
